

INTERN POSITION FOR AN ARCHITECTURAL DESIGN STUDENT

Job Description

Our firm is looking for an intern.
Minimum experience is required (we will mentor); however, Revit proficiency is a must.

The position includes the following:

- producing architectural documents and details in Revit.
- working directly with the project team.
- assisting with other general design and production work.

The position is contract with the opportunity for future full-time employment.

Please send your resume to the address noted below or email it to:
pat.stuart@bozoiangroup.com

Bozoian Group is a leader in **Building Information Modeling (BIM) technology**. Long before it became prevalent in the industry, we realized the advantages of BIM. Since 2008, our staff has utilized Building Information Modeling as an integral part of our design process on 100% of our projects.
