## APDesign E-News Update 11.10.14

### FROM JEREMY MIGNECO, STUDENT SENATOR

I wanted to inform you all of a great opportunity to help design the new Student Union! Workshop Architects of the Student Union Renovation project have expressed great interest in APDesign Students helping them design the new Kansas State Student Union. They have requested our help in ensuring that the design (larger scale all the way down to finishes) feels like K-State, and respectively, feels like home. We will be working in collaboration with the architects, advising some of their design ideas while providing some of our own design ideas. This is an incredible opportunity for APDesign students to show off their talent to the rest of the university!

I encourage you all to come to weekly design meetings beginning Tuesday, November 11 at 7:00PM in Pierce Commons to voice your opinions and learn about getting more involved! We will be running through the program and plans and providing some ideas that our core committee has come up with.

Thanks so much all,  
Jeremy Migneco  
Student Senator, APDesign  
Second Year, Architecture

### BUILDING CONSULTANTS IN SEATON TODAY & TOMORROW

#### APDesign Community,

This afternoon and tomorrow there will be two individuals from Walter P. Moore in Seaton Hall analyzing our building's structure. While we hope these activities will cause only a minor disruption in our normal activities, please be mindful of your surroundings and respectful of the work these professionals are doing to assist us in the advancement of our building design process.

Thank you and have a great week!  
Lisa Shubert

Assistant to the Dean  
College of Architecture, Planning & Design

### UPCOMING EVENTS

#### Nov 11

AIAS Lecture -  
Matthew Teismann  
5:30pm, Pierce
