

M+H ARCHITECTS

Turning visions into realities.

Internship Program:

Our priority is delivering innovative and high quality designs that meet our client's budgets and exceed their expectations. We are a service oriented company, located in St. Louis, Missouri, that prides ourselves on responsiveness, accuracy and creativity. We want to combine fresh unique ideas with our cutting edge technology to continue to create revolutionary designs.

As a summer intern with M+H you may be designing spaces for a variety of markets including corporate, educational, recreation, retail, and industrial. You will be working with state-of-the-art 3D modeling and immersive design technology in a modern open office with the support of over 27 team members with a wide range of experience.

You . . .

- Do you love design? Do you like to learn new things?
- Do you want to be a part of an engaging family-like culture?
- Do you want to gain experience in a fun, collaborative, open office?

Benefits . . .

- Flexible schedules to work around classes/school breaks
- Hands on experience
- Designing for actual projects
- Modern contemporary office
- Supportive learning environment

General Qualifications . . .

- Knowledge of Revit
- Ability to contribute and work in teams
- Digital presentation skills, preferably Autodesk 3DS Max
- Analytical and problem solving skills

Qualifications for Student Internship. . .

- Enrolled in an Architectural degree program
- Able to schedule work hours around class schedules if necessary

Action. . .

- Submit PDF resume and portfolio (less than 5 MB) to inquiries@mha.us.com
- Resumes should include any experience, associations and technical knowledge

Our Mission. . .

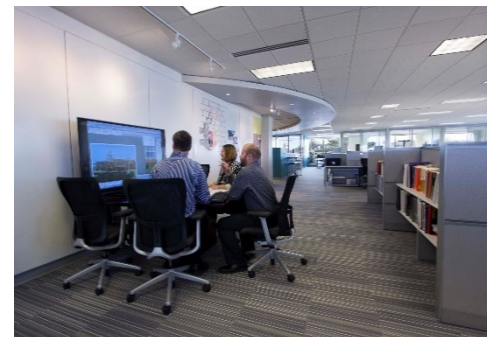

We understand the business of our clients and help them realize their goals while providing a collaborative environment that facilitates an engaging career with a rewarding sense of accomplishment.

"This office really feels like a family. Employees truly care about each other and not only celebrate their successes (both personal and work related) but they are also eager to lend a helping hand."

- Matt Bauer, Project Architect

"M+H is continually investing in the latest technology. I love that I get to work with Immersive Design and Virtual Reality technology."

- Josh Bender, Project Architect
