## Awards and Honors

- 2019 **Curriculum Challenge Award for ExploreDesign! Landscape Architecture.**  
Awarded by Future Landscape Architects of America for development of a career exploration curriculum for middle to high school-aged youth.  
**National award**, competitively juried by landscape architects across the United States.  
Curriculum equally co-developed by: Michael Killeen (Land3 Studio LLC), Katie Kingery-Page (APDesign at K-State), Ninah Butler (BHC Rhodes), and Miranda Schmidt (SKS Studio). Explore Design is a comprehensive design and planning career exploration curriculum sponsored by the Center for Architecture and Design in Kansas City. A consortium of professional societies, including PGASLA, KS-APA, AIA-KC contribute to delivering the curriculum in regional school and camp settings.
- 2019 **Professional Merit Award, Community Stewardship of the Meadow.**  
Awarded by Central States Region of the American Society of Landscape Architects.  
**Regional award**, competitively juried by landscape architects of CSASLA, an eight-state region.  
The Meadow is a six-tenths of an acre native plants mini-park adjacent to the Beach Museum of Art at Kansas State University. The Meadow is used to make connections between the ecological significance of grasslands, the museum art collection, and practices for creating sustainable urban landscapes. My role is as the Meadow lead designer and founding project director.

## Grants & Contracts

amounts rounded to nearest hundred

- Grassland Interview** 2019 Wiersma, E. and K. Kingery-Page. "**Grassland Interview**" (\$5,000; July 2019-June 2020) **Kansas Creative Arts Industries Commission, National Endowment for the Arts funding stream, Arts Integration Grant**. Purpose of grant: to conduct community workshops using drawing of native plants to learn about ecosystem services; and to bring the Grassland Interview project to public audiences in a science center setting.
- 2019 Kingery-Page, K. and E. Wiersma. "**Grassland Interview**" (\$3,000; January 2019-July 2020). **K-State Center for Engagement and Community Development Engagement Incentive Grant**, Purpose of grant: to conduct multiple community workshops using drawing of native plants to learn about ecosystem services; and to bring the Grassland Interview project to public audiences in gallery settings.
- 2018 Kingery-Page, K. "**Grassland Interview**" (\$3,300; December 2018-December 2019). **K-State University Small Research Grant**. Purpose of grant: to gather interviews with grassland ecologists and land managers and prepare these interviews for gallery exhibit using sound dome technology.

*The Grassland Interview project combines fine art, ethnographic interviews, and original community-based art/science workshops to raise awareness of the significance of grassland ecosystems. My role is collection, editing, and curation of all audio interviews; leading the planning of all workshop activities, co-leading community workshop ecosystem services learning and drawing, and equally co-planning exhibits of the project (equal intellectual contribution of Co-PIs).*

- Community Solutions to Affordable Housing** 2017 Schenck-Hamlin, D., Kingery-Page, K., and B., Irwin. "**Community Solutions to Affordable Housing: Civic Engagement on a Fundamental Public Health Issue**" (\$25,000; September 2017-September 2019). **Kansas Health Foundation Grant** Purpose of grant: to complete content analysis of community member interviews, reveal the 'takeaways' and generate community dialogue in an open Community Forum, and refine community-generated solutions in a series of citizen study circles.

*The goal of the Community Solutions to Affordable Housing project is to increase local awareness of housing issues and to promote participation in democratic processes. My role was to direct interview collection and analysis and to co-plan and co-facilitate all events (equal intellectual contribution of Co-PIs).*

- Green Infrastructure, Low-Energy Development, and the Meadow** 2016 Canfield, J., Skabelund, L., Kingery-Page, K., and S.L. Hutchinson. "**Green Infrastructure Demonstration: Monitoring and Interpreting Two Sites on the K-State Campus**" (\$20,000; January 2016-June 2018), **US EPA**. Purpose of grant: to complete a season of monitoring of two campus sites (The Meadow and the International Student Center Raingarden) and interpret the results for a broad public through on-site and digital communications.

*The Green Infrastructure Demonstration project establishes value of green infrastructure sites in a campus setting. My role included developing plant species diversity assessment protocol for the Meadow, leading development of insect pollinator diversity assessment protocol with advisement from K-State entomologists, leading Meadow vegetation assessment workdays, co-leading Meadow pollinator assessment workdays, helping to obtain and compile maintenance data for demonstration sites and comparison to typical campus practices, guiding student employees in creation of interpretive materials for the Meadow, and co-design of signs for on-site interpretation (equal intellectual contribution of Co-PIs).*

- 2014 Kingery-Page, K., Z.Ratajczak, C. Melchior, T. Britt, and R. Janke. "The Meadow: Informal Learning through Experiences of Landscape and Art" (\$8500; January 2014-June 2014) **K-State Green Action Fund Grant**, funding from the Kansas State University Student Government Association and Office of Sustainability. Purpose of grant: funded further planting of native plant species in the Meadow; design of interpretive materials; and purchase of an interactive touch table to interpret the Meadow within the Beach Museum of Art.
- The Meadow project is a six-tenths of an acre native plants mini-park adjacent to the Beach Museum of Art at Kansas State University. The Meadow is used to make connections between the ecological significance of grasslands, the museum art collection, and practices for creating sustainable urban landscapes. My role is as the Meadow lead designer, founding project director and lead PI on Meadow Green Action funding.*
- 2011 Kingery-Page, K., Lewis, K., and L. Clement. "Case Studies of Low-Energy Homes and Sites in Kansas and Missouri" (\$2000; July 2011-July 2012). **K-State University Small Research Grant**, Purpose of grant: grant sponsored undergraduate research trip including 44 students organized in interdisciplinary team and resulted in a summary report available on K-State Research Exchange (KREX).
- 2009 Kingery-Page, K., and K. Schlageck. "Stone Rising Artist-in-Residency: Dry Stone Walls and Environmental Art" (\$1600; September 2009-June 2010). **Kansas Arts Commission, Arts-in-Communities Mini-Grant, National Endowment for the Arts** funding stream. Purpose of grant: Grant helped sponsor a two week artist-in-residency for Dan Snow, master dry-stone waller and environmental artist. Working with Mr. Snow, landscape architecture students learned practical lessons about craft, materiality, observed artistic expertise, and gained experience in project management. Residency was co-hosted by the Beach Museum of Art and Landscape Architecture and Regional & Community Planning and building days were open to the public.
- 2009 Kingery-Page, K. "Engaged Environmental Art" (\$500; September 2009-November 2009). **K-State Center for Engagement and Community Development**. Purpose of grant: grant helped sponsor travel costs for Dan Snow during his two week artist-in-residency at Kansas State University.
- 2009 Kingery-Page, K., H. Hahn, L. Skabelund, and W.P. Winslow. "Green Infrastructure Demonstration Site" **Sponsored Project Contract** (\$12,000; July 2009-August 2010). **190th Civil Engineering Squadron of the National Guard Air Refueling Wing/Forbes Field**. Purpose of contract: sponsored three courses during fall 2009-spring 2010. Students developed design proposals for the national guard base.
- 2013 Kaff, M., D. Burnett, K. Kingery-Page, B. Fees, and S. Fisher. "Playing Naturally: a pilot study of nature access and executive functioning in children with Autism Spectrum Disorders" (\$2500; July 2013-July 2014). **K-State University Small Research Grant**. Purpose of grant: grant proposal funded a pilot study of potential benefits of natural play in cooperation with the Flint Hills Summer Fun Camp and USD 383, Northview Elementary School Learning Garden, Manhattan, KS.
- 2013 Aistrup, S., Ward, S., Kingery-Page, K., and L.D. Brokesh. "USD 383 East Field/Northview Elementary," (\$22,000; January 2013-January 2014). **Sunflower Foundation Trails-for-Schools Grant**. Purpose of grant: grant benefits USD 383 to fund a new trail east of Northview Elementary school, linking school with community sidewalks and providing a healthy recreational resource.
- 2011 Brokesh, L.D., Kingery-Page, K., and M. Taussig. "Marlatt Park Improvements," (\$4000; October 2011-October 2012), **Sunflower Foundation Trails Grant**. Purpose of grant: to fund trail sign system at Marlatt Park, Manhattan, Kansas.
- 2009 Kingery-Page, K. (project director) and J.D. Hunt.
