arch_weekly note

It has been great to see faculty hanging around in our now smaller world of Seaton Hall this week. All of them have that look of focused intensity as they run around getting ready for next week. With so many students gone this spring on exotic adventures, APD West will have more room for places to work on models and meet in groups. There will be several readjustments taking place so don't be surprised if things are still in transition when you return. We may need your help to quickly rearrange.

I am glad they sealed off the door to my old office, just east of my current office, as the first step would not be good. See pic.

We now have food trucks in Bosco Plaza. I sampled the Vista food truck today and it was tasty. Not too many customers today, but next week should be a crush. It would be nice if this leads to a food truck culture in Manhattan.

I look forward to seeing everyone next week. Please stop by and say hi to Kari, Megan, Rebecca and myself when around. It has been a little lonely the last several weeks.

Best,

Matthew Knox AIA
