As this semester wraps up I want to congratulate our 5th year students on their accomplishments and wish them the best in the future. For the rest, thanks so much for producing some really amazing work this semester. I tried to see as much as I could last week and it was impressive. Thanks to our faculty and staff for their tireless efforts over the year. For everyone, rest up this summer as it is going to be an exciting fall. With a new building to break in and accreditation, it will be at times crazy, busy, and who knows what but it sure will be fun to be in facilities as good as our program and to show off what we do to the accrediting team.

Best,

Matthew Knox, AIA
Professor and Head
