tickets to a McCain event, etc. I have heard concerns, from both faculty and staff, that the survey seems incomplete; they feel that not all of the issues that affect the working and learning environment are included in the survey questions. If you feel that this is the case, I urge you to use the available comment boxes, particularly the catch-all comment box on the final page, to address other issues that you feel are important in determining the workplace climate at Kansas State University.

This is a survey of the entire campus, including the students. Students can win some pretty impressive prizes, including tuition credit of up to \$822.30, which is three credit hours of resident undergraduate tuition, an iPad, or \$250 coupons for textbooks.

More details about the survey, including an FAQ, can be found at <http://www.ksu.edu/2025/initiatives/climate-survey/>. Please participate in this survey, and help make KSU a better place to work and learn.

MULTICULTURAL AMBASSADORS

The President of Multicultural Ambassadors would like to invite APDesign students to join in as Multicultural Ambassadors as diverse student leaders.

As Multicultural Ambassadors, your mission is to build positive relationships with prospective students, and to share information about K-State in an effort to actively recruit Multicultural students to our University. Strong communication and social skills, and desire to develop, or enhance leadership skills while gaining knowledge about K-State is a great plus!

Please send your names to Moncherree Pollard,
Assistant for Multicultural Programs
