MOCKINTERVIEWS

OCTOBER 19

K-STATE ALUMNI CENTER

NOTES FROM THE DEAN

Faculty, Staff and Students,

"Please Mr. President...Where's all the money you spent..."

Last week we hosted President Kirk Schulz, Provost and Senior Vice President April Mason and Vice President for Administration and Finance Cindy Bontraeger at APDWest. In addition to presenting progress on K-State2025, the purpose of the meeting was to show off the facility and the obvious vitality of activity to the upper administration. By all accounts the visit was a great success, with all three leaving quite pleased to see their investment in the facility being put to good use! I hope the visit wasn't too disruptive but I can tell you that it was well worth it in the larger political sense! The President was once again awed by the quality of work he saw and by the inventiveness of our programs and designs.

"Rollin', Rollin' Rollin'Keep them...."

We are on the move again! Fry Wagner Services is currently loading and relocating shop equipment to our temporary shop, so graciously offered and hosted by Hit-Tech Interiors. I hope everyone will endeavor to show our appreciation for their selflessness in helping us through the period between the closure of the Seaton shops and the opening of our

APDWest shops. I am particularly thankful for the efforts of our faculty and staff in getting us ready for this transition, and as always, for the patience and resilience of our students during this shift!

"If you let me, I could....I'd show you how to build your fences..."

Any day now JEDunn will begin encircling the build site with fences shrouded in bunting saying, "Design Matters!" This is step one in beginning the make-ready and make-safe phases of construction. Additionally,

"It takes over...Electricity"

The electric service to Seaton East will be shut down progressively and migration of circuits will take place serving the central portions of Seaton to allow removal of the large electric service pedestal in the rear of the building in the next week.

"Signs, signs, everywhere there's signs....F'n' up the scenery, breakin' my mind..."

IF all goes as planned, a new 'job sign' announcing the Fall 2017 opening of Regnier Hall will be erected along the sidewalk leading from the Union to the Library by this Thursday afternoon.

"20 seconds and counting...6,5,4,3,2,1,0, all engines running...Lift off, we have a lift off, lift off."

The steel frame and purlins of the new APDWest Shop building are going up as fast as I can type...well, actually faster! It is great to see progress on this front.

"Anticipation, Anticipation... Is making me late... Is keeping me waiting"

At any moment a large multinational telecommunications company will throw the switch giving us full digital capacity at APDWest.... The servers are ready and waiting....and so are we!

And on another note:

"You better mind your p's and q's....And your m's and n's and o's....Because the Shadow knows..."

The rules that have always applied to the K-State campus also apply to APDesign West! That means no pets, no alcohol, contraband and any other items, activity or behavior prohibited on campus are by extension prohibited at APDesign West. I hope I do not have to stress this again because it could very well be in a meeting dismissing someone from the program.

A purple APDesign Moleskin to the first one who successfully identifies the author of all the italicized in order...submit in a sealed envelope to 115 Seaton with you name on it.

POP-UP URBAN PARK

The Pop-Up Urban Park in Downtown Wichita is officially open!

In fall 2014, the WDDC received a grant from the Knight Foundation Fund at the Wichita Community Foundation to construct a temporary pop-up park. The park site, formerly known as "The Hole," occupies the Douglas Avenue frontage between Market and Main at 121 E. Douglas. The project included filling in "The Hole" with excess fill material (dirt) from the nearby development project on the Arkansas River - River Vista, and the new Child Advocacy Center site. The site was outfitted with colorful furnishings, planters with trees designed by the [College of Architecture, Planning & Design at Kansas State University](#). Nick Mercado, a recent APDesign graduate, created a 16' x 8' art installation titled "Sunflower," displayed. In addition to these, there is also a concrete ping pong table, multiple art pieces, and overhead string lights for ambiance at night to create a unique sense of place for the community.

The park now serves as a community gathering space. There are local food trucks on site for lunch every Monday - Friday, and more events are planned in the coming months.

Project partners include the Knight Foundation, Wichita Community Foundation, Bokeh Development, and the Wichita Downtown Development Corporation.

Project contributors include: Farha Construction, Inc., Together Wichita, Professional Engineering Consultants, City of Wichita Park and Recreation Department, River Vista LLC, Child Advocacy Center of Sedgwick County, Automation Plus, Cox Communications, Cablecom, Inc. and High Touch Technologies.

Design your future.

Participate in the NEW APDPro Mentor Program.

We're very excited to announce the addition of the APDPro Mentor Program! As a part of APDPro, current 3rd, 4th & 5th year APDPro students are invited to apply to participate in the program.

The mission of the APDPro Mentor Program is to afford design and planning students the opportunity to learn from skilled and practiced professionals who can help guide them and provide advice as they transition to their career.

You will be matched with a professional mentor by November 2015. Before you're matched, you'll need to attend an orientation for the program so you know what's expected of you.

**APPLICATION DEADLINE IS
FRIDAY, OCTOBER 9**

NOMINATE A GRADUATE FOR THE DISTINGUISHED YOUNG ALUMNI AWARD

Student Alumni Board, a program of the K-State Alumni Association, is seeking nominations for its Distinguished Young Alumni Award. The award, established in 2012, recognizes two Kansas State University graduates who are using the leadership and service experience they acquired at K-State to excel in their professions and contribute to their communities.

Anyone may nominate a graduate for this award. The individual must be 35 or younger as of Oct. 1, 2015, and have graduated from K-State. Nominations are due by midnight Oct. 8.

Selections will be made by a committee of Student Alumni Board members and members of the Alumni Association board of directors. The award recipients will be notified in early November, and they will be invited back to campus in February to deliver keynote speeches and spend the day speaking to student groups and university classes in their college. Student Alumni Board also will honor the recipients at a dinner and award ceremony that week.

To nominate a graduate or learn more about the Distinguished Young Alumni program, visit www.k-state.com/dya.
