EKDAHL DISTINGUISHED LECTURE SERIES: RYAN GRAVEL

Ryan Gravel, Urban Planner, Founding Principal at Sixpitch; October 25, 2017 | 4:30PM, Regnier Forum
Lecture Title: Where We Want to Live - Reclaiming Infrastructure for a New Generation of Cities

Gravel is an urban planner, designer, and author working on infrastructure, concept development, and policy as the founder of Sixpitch. His master's thesis launched the Atlanta Beltline, which through fifteen years of progress, is now changing both the physical form of his city and the decisions people make about living there. Alongside other projects at Sixpitch and research on similar "catalyst infrastructure" projects around the world, Ryan's book, "Where We Want to Live," (St. Martin's Press, 2016), investigates this cultural side of infrastructure, describing how its intimate relationship with our way of life can illuminate a brighter path forward.
