For many years, DesignIntelligence has conducted their annual surveys of America's Best Architecture & Design Schools. If you are the individual in your firm who hires architects, interior designers, or landscape architects, you are encouraged to share your experiences and perspectives. These annual rankings are today’s leading resource to rank architecture and design programs on the basis of their ability to prepare graduates for professional practice. You can access more information about the methodology and results of the previous year’s research at the DesignIntelligence website: [www.di.net](http://www.di.net).

You can make your voice heard by using the online surveys:

APDesign West + Reserves = longer loan period!

Due to the relocation of studios and classrooms to APDesign West, longer checkout periods for reserves will be necessary. Therefore course reserves have now been set up with 1-day loan periods.

However, class size, class location within Seaton or on campus and the use of reserves for your class could make a difference in your course reserves loan period.

Other loan period options from which to choose are 2-hour (open or closed), 4-hour, 3-day, and 7-day.

Please notify Maxine as soon as possible (prior to the start of classes) regarding your course reserves information. 532-5978, or mlganske@ksu.edu or in Weigel (Seaton 323).
