

KANSAS STATE UNIVERSITY

College of Architecture,
Planning & Design

FISCHER GUILD

Honoring the past,
building the future

The **Fischer Guild** honors the vision and legacy of the college's first dean, Emil C. Fischer, by bringing leaders from the design, construction, fabrication and allied industries into the College of Architecture, Planning & Design as strategic partners. Philanthropic gifts pledged or given to faculty and excellence funds qualify individuals, or firms, as members of the Fischer Guild. Members will have multiple opportunities to interact and engage with students and faculty of APDesign throughout the year via various activities that showcase APDesign's design+planning research and outreach.

The **Fischer Guild Summit** will be a symposium that brings industry leaders to campus to discuss design trends and topics impacting the realm of design+planning. Members will have the opportunity to network with peers and learn how APDesign is on the forefront of issues impacting our environment and society.
