# Principles and Priorities

# Principles & Priorities for Teaching & Learning

## Health & Safety Awareness

Each instructor and student will have different concerns regarding their own health and safety as well as that of their family members or communities.

## COVID Capacity

Each classroom will have a standard calculated capacity that accounts for social distancing needs.

## Community and individual behavior will affect the safety of all:

K-State has created a guidance for on-campus behavior, which includes the use of masks and social distancing and asking university community members to take similar precautions while off campus.

# Principles & Priorities for Teaching & Learning

## We prioritize:

- Respect for personal choices to teach/learn face-to-face and remotely.
- Minimizing possible exposure to COVID-19, maximizing use of face-to-face time for meaningful interactions that cannot be replicated using distance tools.
- Focused, synchronous delivery and interaction, whether in-person or remotely.
- Use of asynchronous delivery of course materials only when it facilitates student and faculty efficiency of teaching and learning.
- Efficient and effective delivery to allow time for personal interactions.
- Flexibility in expectations, maintaining rigor while allowing for COVID-19 related challenges.
- Front loading in-person experiences in case the university must go remote later in the semester.

# Principles & Priorities for Teaching & Learning

## Fall 2020 APDesign course delivery and location decision guide

We meet face-to-face for class and other meetings when:

- **Participating parties** are comfortable with the situation;
- Each member of the group is **no closer than 6'** to one another; and,
- Individuals are **wearing masks**.

We utilize platforms like Canvas, Microsoft Teams, and Zoom to:

- Communicate class expectations.
- Collaborate in small groups.
- Meet in large groups when in-person meeting would exceed safely distanced room capacities.

Individual critiques will take place:

- Online using screen sharing applications.
- In a college critique space, remote desk-topped to a sanitized computer or displayed on a screen.
- In-person in a space that allows a minimum of 6' distance between faculty and student(s) with all parties wearing a mask.

An architectural floor plan of a building, tilted at an angle. The plan is divided into several colored zones: a red zone at the top right, an orange zone in the center, a yellow zone at the bottom, and a green zone at the bottom left. Each zone contains a network of lines and dots, possibly representing a data or communication network. The rest of the building's footprint is outlined in black. A grey rectangular box with a blue top bar and a dark grey bottom bar is overlaid on the right side of the plan.

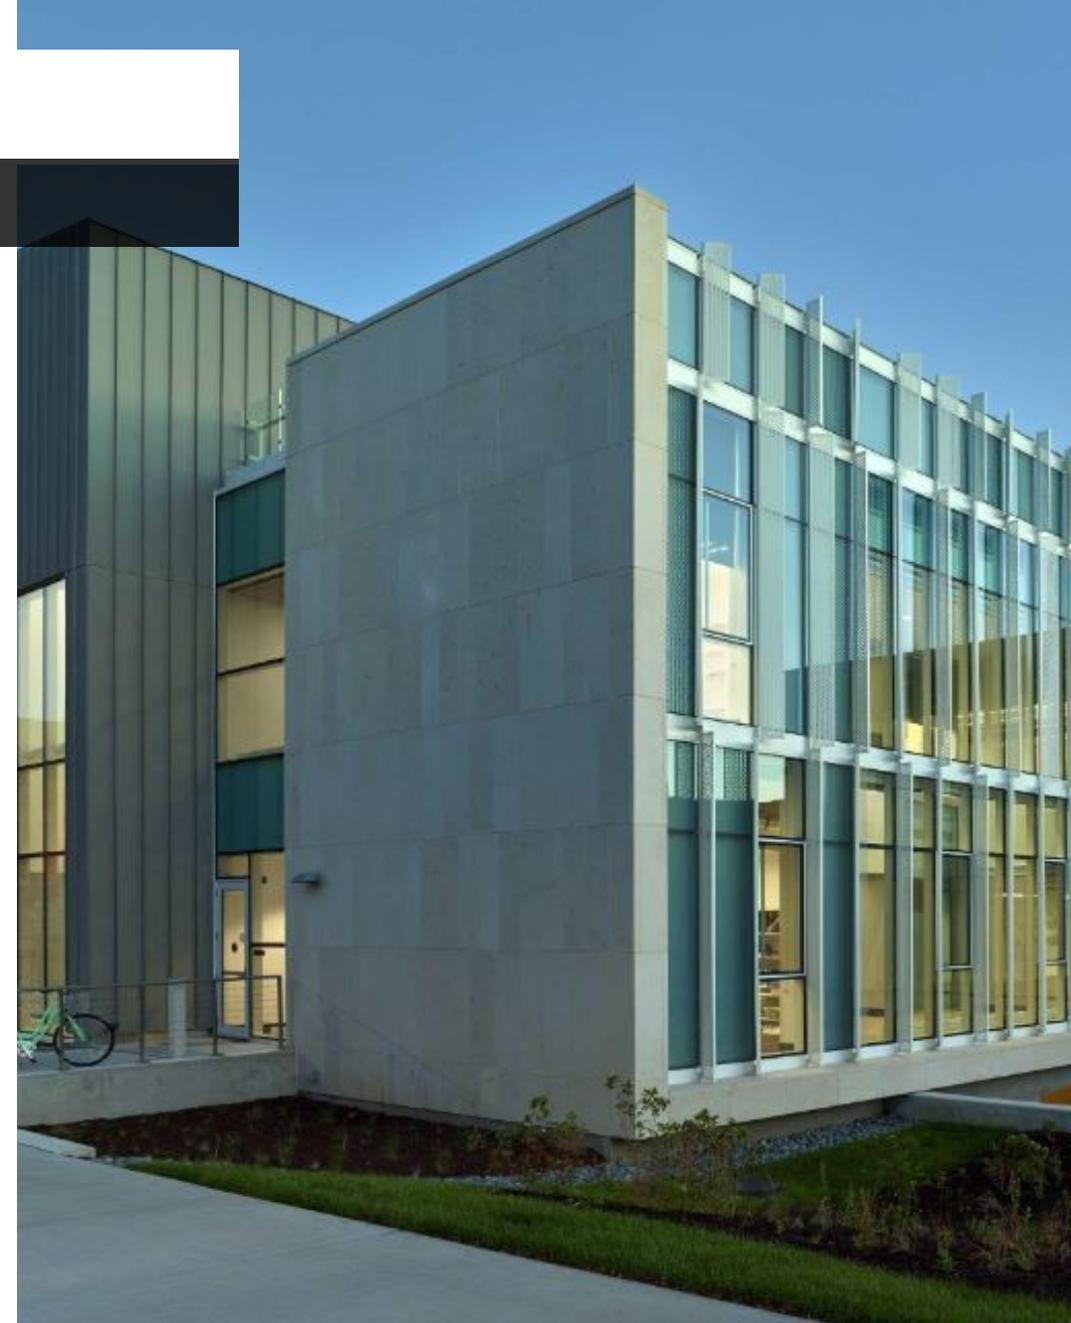

# The Plan

- University-wide plans
- College-wide plans
- ENVD-wide plans

# The Plan

## University-wide

- Calendar – Fall Semester starts August 17<sup>th</sup> to December 11<sup>th</sup>
  - November 20<sup>th</sup> will be the last day of classes on campus.
  - Last day of classes is December 4<sup>th</sup>
  - Finals are December 7<sup>th</sup> – 11<sup>th</sup>
- Face mask guidelines
  - There will be training on proper mask procedures for everyone coming back to campus.
- Live-Work-Wellness
  - Classes - No class will be canceled due to furloughs.
  - Student & Academic Services office will remain open and will be staffed.
  - Some staff will be working remotely part of the week. If hours are reduced, it will be very minor (example- open 1hr less per day).
- Cleaning classrooms
  - On exiting a classroom outgoing faculty are responsible for cleaning all surfaces - desks, chairs and high touch point areas.
  - There will be disinfectant, towels, and gloves in each classroom.
- Currently symptomatic testing only planned.
  - CDC currently has no evidence that mass testing is an effective method to prevent the spread of the disease in university setting beyond what social distancing and masks provide.

# Things we don't know

- Threshold of positive cases to call off on-campus courses.
  - Regional and local case count will play a part.
  - Riley County and State of Kansas Health Department recommendations.
- Contract tracing procedure is currently be worked on at the university level

# The Plan

## College-wide

- Studio Layout for social distancing
- Auxiliary spaces in use for classrooms
- Building Open 24/7
- Synchronous/Asynchronous
- Teaching modalities
  - In person
  - Blended (both online and in-person)
  - Online or Distance

# The ENVD Plan

# Making it Work

- **Know the K-State policies**, <https://www.k-state.edu/covid-19/>, and prepare for class
  - Quarantine 14 days if you move from a high-risk state or country
  - Complete the face mask training
- **Be flexible and patient**
  - Faculty furloughs will not impact teaching, but will require attention to stated availability
  - Faculty, advisors, staff will rotate working on-campus/at home, expect to meet online
- **Be ready if conditions change**
  - Plan for how you will get work done
- **Communicate**
  - Ask questions
  - Be proactive
  - Please email [katrina@ksu.edu](mailto:katrina@ksu.edu) and [llast@ksu.edu](mailto:llast@ksu.edu)
