The K-State 8 General Education areas are covered by courses required in the Landscape Architecture curriculum. Information about the K-State 8 is available on the web and in the university catalog.

All required courses taught in the landscape architecture and regional and community planning programs that are counted toward the degree must be passed with a grade of C or better.

*A minimum of six (6) general elective credits must be taken. General elective may be taken in pursuit of a minor. They may be taken any time prior to or during the Landscape Architecture program and may include KSU approved AP, IB, CLEP and transfer credit. Students may not count more than three (3) total hours of recreation credits toward graduation.

Graduate School admission is contingent upon completion of all required courses in the 3rd – 6th semesters.

**Off-campus semester: Two distinct study opportunities are offered, each requiring 14 credit hours. The study abroad and the internship options have course requirements that substitute for the 9 professional elective credit requirements. If the internship option is not selected during the seventh or eighth semester, a summer internship is required before graduation.

*** Six (6) credit hours of the required graduate level professional electives must be LAR courses. Students may petition for an exception to this policy if there is a demonstrated academic benefit.
