Student Achievement

A signature experience of the MRCP program is completion of an independent capstone experience in the form of a Masters Report or a Thesis. This project, supervised by a committee of Graduate Faculty, allows students to focus on a specific area of professional interest and, in the development of that project, demonstrate the highest level of professional competence they have achieved during their professional education. In Spring 2025, 2 MRCP students completed a report or thesis.

The 2024 class cumulative graduate GPA is 3.78 mean, 3.73 median. Assessments were made on the following scale:
