

# Off-Campus Options Meeting for RCP + RECD Students

April 2024

Updated on Sep. 1, 2024

## Advising Process

### Regional & Community Planning Students

### Required Off-Campus Options

2025 - 2026

Our students’ design and planning studies are enriched by frequent interaction with the world outside Seaton/Regnier Hall. Many participate in an education abroad experience or complete an internship. Other students choose to study urban issues at the Kansas City Design Center. **All Regional & Community Planning** students planning are required to complete one of the following off-campus options, which should occur during the sixth semester:

- **On-Campus Electives; APDesign Italian Studies Program; Education Abroad; KCDC (Kansas City Design Center); or, Internship**

Please refer to your curriculum guide and academic advisor as you consider your future off-campus academic plans. More information can be found on the APDesign website, under ‘Student Success’ > Education Abroad & Off Campus Experiences:  
<https://apdesign.k-state.edu/current-students/off-campus-study/index.html>

# Education Abroad

THE COLLEGE of  
ARCHITECTURE, PLANNING & DESIGN // K-STATE

## Why Education Abroad?

- **Academic challenge**—experience a range of topics, assignment types, and instruction styles as you engage in various coursework.
- **Professional growth**—visit notable locations and experience historic and modern design and planning precedents. An education abroad experience can be a desirable credential to future employers.
- **Personal enrichment**—develop independence, a greater sense of self, and increased awareness and appreciation for other cultures.
- **Global perspective**—broaden awareness and multicultural competency by living in another country.
- Have a once-in-a-lifetime experience as a University student.

## Potential Challenges When Studying Abroad

- **The language of instruction may not be English**, but full proficiency of the local language is not necessary
- **The academic calendar**, including exact semester start and end dates, may differ from K-State.
- **Minimal interaction with professors** outside of class. University culture may be hierarchical and more formal than at K-State.
- **Homesickness** and **culture shock**

**Note:** K-State and APDesign have excellent relationships with our partner institutions, but we do not influence their policies or procedures. If you elect to study at a foreign university, you must be prepared to accept and manage potential challenges.

# APDesign Italian Studies Program

## Orvieto, Italy

- Orvieto is located about one hour north of Rome in the Umbria region of Italy.
- It has a rich history, from its Etruscan underground to its Romanesque cathedrals.
- It offers important archaeological, architectural, and urban sites to visit and appreciate.
- Orvieto is a friendly, calm, and welcoming atmosphere.
- The city is considered a living classroom where students are immersed in a culturally stimulating environment surrounded by piazzas, palaces, churches, and cobble lanes.

# APDesign Italian Studies Program

## Orvieto, Italy

- Students live in fully furnished apartments located in the historic part of the city.
- Apartments are arranged by an Italian agency and accommodate two to six students.
- Students shop for their own groceries and cook their own meals. An introduction to the local market and a cooking class with a local chef are part of the first week's orientation.

# APDesign Italian Studies Program

## Orvieto, Italy

# APDesign Italian Studies Program

## Orvieto, Italy

- The program includes multiple one-day field trips (typically to Rome, Siena, Florence, Assisi, Villa Lante) and several extended, two to six-day field trips (typically to Venezia, Vicenza, and Verona in the north and to Pompeii, Sorrento, and the Amalfi Coast in the south).
- Field trips are led by K-State faculty, the Italian professors, and/or professional guides.
- The field trips provide students with opportunities to experience many aspects of Italian culture, art, urban planning, landscape architecture, architecture, interior architecture, and industrial design.

# KCDC

Kansas City Design Center

# Why KCDC?

- Be part of a unique learning laboratory located in the downtown Kansas City that provides students the opportunity to **fully immerse themselves in on-site project studies**
- Actively explore **current urban design issues** facing Kansas City's future development
- Participate in an **interdisciplinary urban design** studio that forms partnerships with local client groups, community members and professional firms
- Develop **design visions and proposals** that address major architectural, urban design and urban planning issues throughout metropolitan Kansas City
- Participate in **critical dialogue** concerning architecture, planning and design issues with public agencies and local community organizations

# KCDC

## What we do:

Located in the heart of downtown Kansas City, the Kansas City Design Center (KCDC) is a nationally-recognized, service-learning urban design program that operates as a 501(c)3 nonprofit partnership among local civic leaders, professional designers, and Kansas State University.

# KCDC

## Who we are:

Each semester Kansas State University students participate in studio and seminar courses at KCDC to learn from K-State faculty, professionals, and community stakeholders.

The projects are interdisciplinary in focus and a variety of disciplines at APDesign are encouraged to participate.

# KCDC

## AY23-24 project

The current studio is collaborating with Wyandotte County/Kansas City Kansas to reimagine undeveloped land around Bethany Park in a masterplan focusing on net zero affordable housing and sustainable neighborhood design.

Students are proposing new housing types that address small homes, intergenerational housing, mix uses, and shared amenities.

The studio is also collaborating with KC Habitat for Humanity on an exhibit showcasing high performance prefab construction that will be displayed at CABA and KCK's Third Friday Arts Walk.

# Internship

Prozess by Julian Kücklich is made available under the [Creative Commons CC0.1.0 Universal Public Domain Dedication](#).

All NB RCP and RECD students have the **option** to complete an internship. This will either be during 6<sup>th</sup> semester OR, if you study abroad or do KCDC that semester, your internship should occur during the summer.

Internships vary with a wide range of professional options. All internships must be approved prior to starting in order to receive academic credit.

# Required Form

## Internship Agreement

between Internship Sponsor,  
Department, and Student Intern

**Purpose:** The purpose of the LARCP internship program is to offer students the opportunity to broaden their educational experiences by participating in a professional work environment. The internship is an opportunity to apply the knowledge and skills gained in the university to a professional setting while also identifying the aspects of education that warrant further exploration in the final year of study.

**Academic Expectations:** Landscape Architecture (MLA) students in the non-baccalaureate track are required to seek and participate in a professional internship for academic credit. The experience may be:

- 8 to 10-week summer internship
- a semester-long 16-week internship
- an extended spring and summer internship

Regional and Community Planning (MRCP) students in the non-baccalaureate track are required to complete a semester-long off-campus experience for academic credit. The experience may be an internship or study abroad.

Real Estate and Community Development (BS RECD) students have an optional semester-long off-campus experience for academic credit. The experience may be an internship or study abroad.

In addition, students in our post-baccalaureate graduate programs (MLA, MRPC, & MSCD) may participate in internships for academic credit.

### Responsibilities:

**Internship Sponsor:** Internship Sponsors (employers) will provide full time employment compensated at a fair and appropriate wage. The Sponsor will be diligent in assigning work responsibilities to the Intern that will broaden his/her knowledge base, challenge his/her capabilities, and permit him/her to participate fully as a contributing member of a project team. It is expected that the Student Intern will participate in planning, programming, and/or design discussions and decisions, attend presentations, meet clients/stakeholders, and be given every opportunity to contribute to the success of a project in accordance with his/her capabilities. It is of particular interest that the Intern understands the organization of the office, how project decisions are made, management/administration processes, and office research methods.

The Internship Sponsor is responsible for providing the Intern direction and work reviews on a regular basis by an assigned office mentor. Employers will provide oversight by a licensed, certified, or qualified individual in their profession. Upon completion of the internship, the Sponsor will be asked to write a brief summation of the intern's strengths and weaknesses. The information provided will be shared only with faculty and used to direct our educational efforts to improve our instruction.

**Department:** Credit hours will be assigned to the student for courses related to the internship experience as outlined in the curricula. The Intern has course responsibilities and assignments which will be submitted for faculty review during the internship and upon his/her return to the university. The work will be evaluated by the LARCP office and made available to the faculty. Grades will be given for the work products required of the student intern and will not reflect office performance.

**Student Intern:** Students are required to secure an internship meeting their academic and professional goals. Students must submit the internship request first to the Department Head and then upload this agreement form with sponsor and student signatures to Canvas site provided by the LARCP office prior to beginning employment.

The Intern is responsible for participating and executing, to the best of his/her abilities, work assigned by the Internship Sponsor. Interns will prepare the following academic products:

- Bi-monthly reports summarizing experience, reviewed by the Internship Supervisor
- Reflection paper at the end of the internship
- Poster presentation as specified by the LARCP office
- Oral and visual presentation as specified by the LARCP office
